

APstorage Battery River1600

- Compatible with 99% balcony solar system
- Massive 1.6kWh capacity per unit
- 6000 charging cycles
- Rated output power up to 800w
- Input current up to 30A
- 5 minutes' plug& play installation
- 15 years lifespan
- IP65 Water/Dust Resistant

Model

River1600

Input Data

Input Ports	MC4
Solar Recharge Input	800W Max
Input Current	30A Max
Operating Voltage Range	11-60V

Output Data

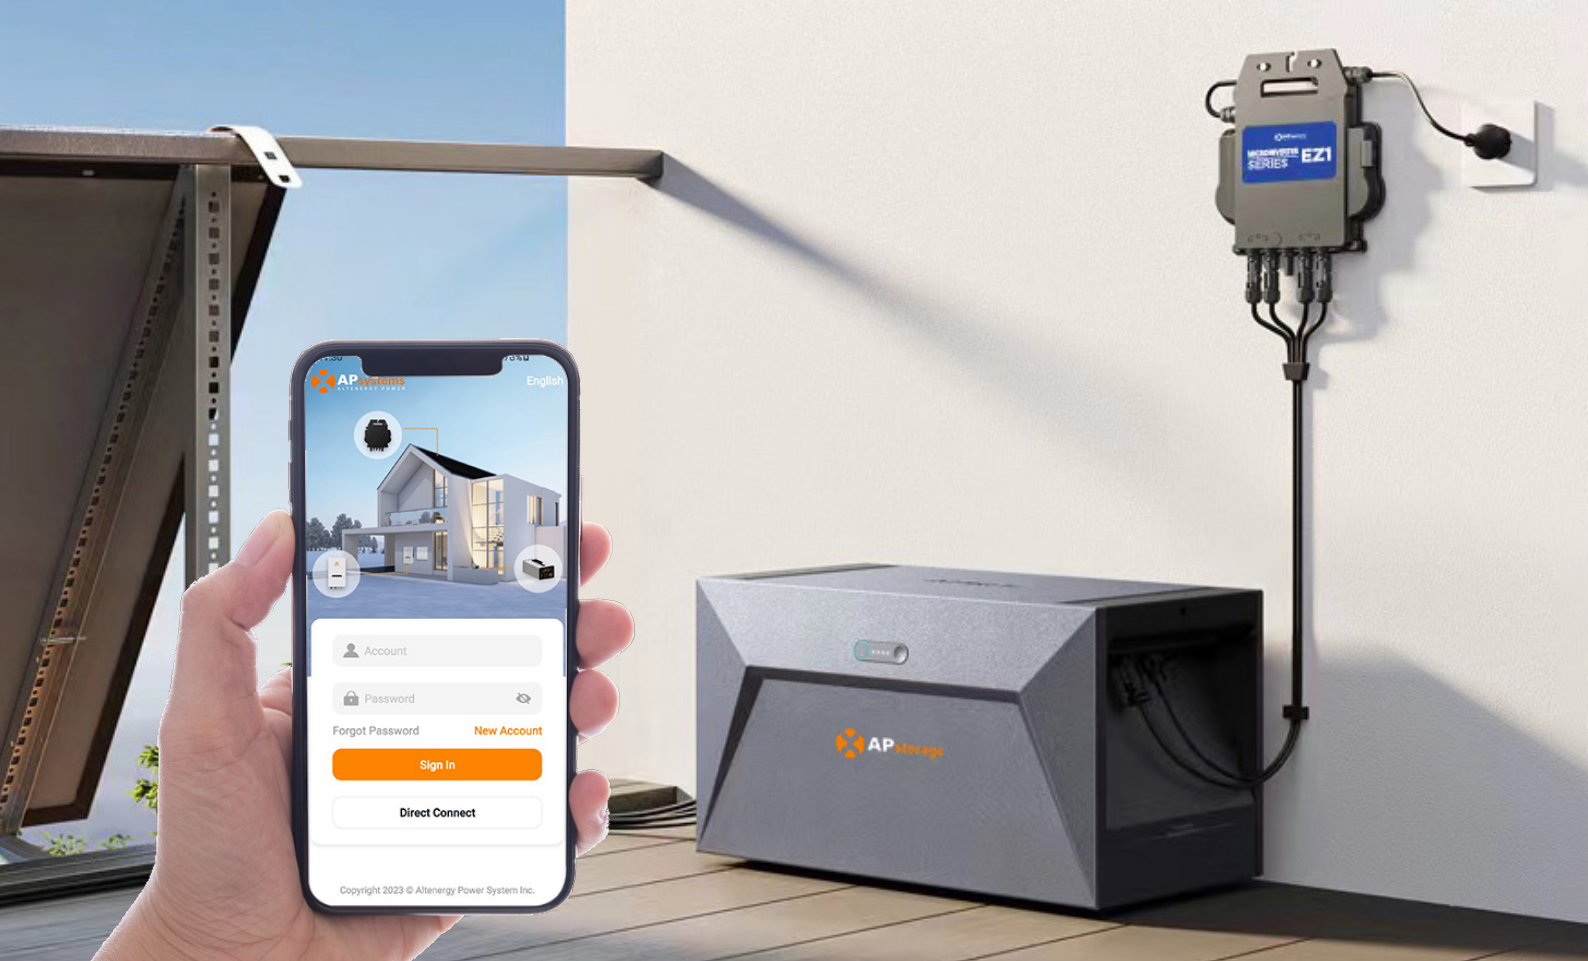

Outlets Ports	MC4
Standard Rated Power output	800W Max
Output Current	30A Max
Operating Voltage Range	11-60V

Mechanical Data

Capacity	1600Wh
Battery Type	LiFePO4
Communication	Bluetooth, 2.4GHz WLAN
Charge Temperature	0-55°C
Discharge Temperature	-20-55°C
Dimensions	420x232x240mm
Net Weight	20kg
Ingress Protection	IP65

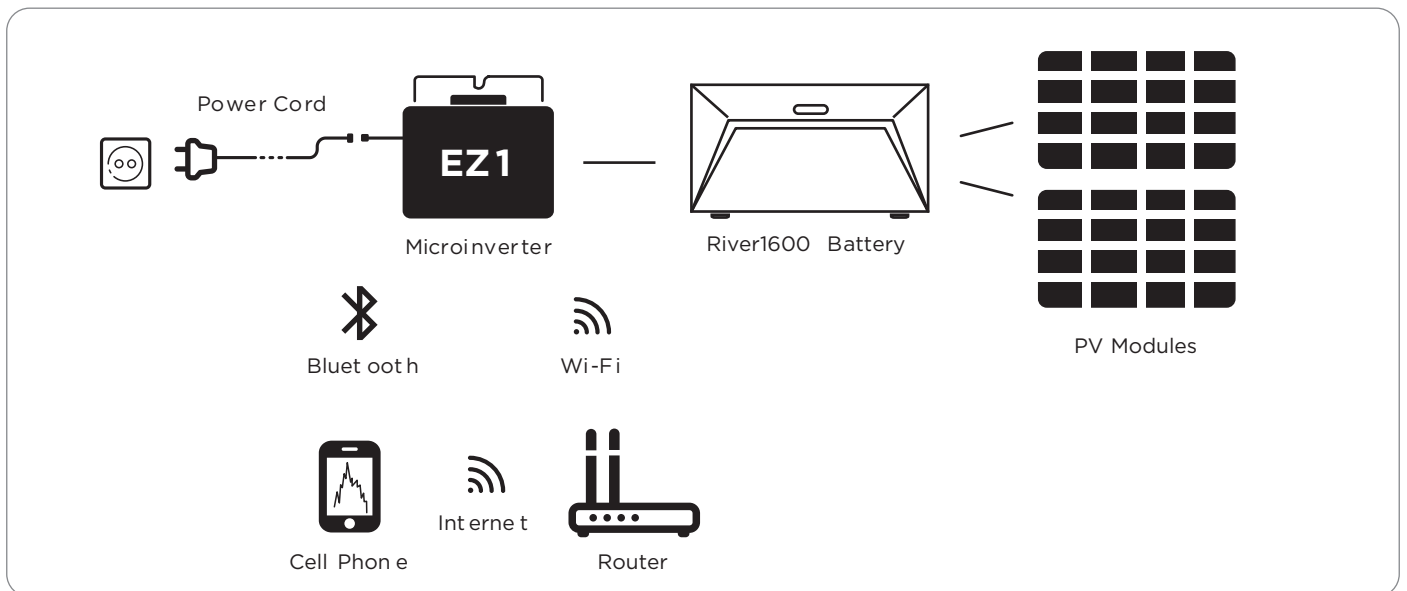

Compatible Inverter

Model	APsystems EZ1 Series
-------	----------------------

River1600 Application Figure

The River1600 compatible with APsystems EZ1 series microinverter & AP EasyPower monitoring app.
